EXPERIENCE

Capgemini- UX Consultant

June '16 - Present | San Francisco, CA

Design better experiences for enterprise platforms. Conduct user research, journey maps, prototypes, and usability tests as part of Agile process.

Diasyst - UI Designer

Jan '16 - June '16 | Atlanta, GA

Designed patient-facing app for diabetes management. Created marketing/sales pitch material for investors, physicians, and patients.

Forge - Graphic Designer

Aug '14 - June '16 | Atlanta, GA

Designed flyers, newsletters, and marketing material for monthly Forge events and hackathons. Coordinated networking events and contacted healthcare professionals for speaker series. Managed 200+ event registrations and acceptance letters in collaboration with event logistics and technical support teams.

Freelance Designer

2015 - Present | Atlanta, GA

Designed flyers for campus organizations. Created personal branding identity and developed marketing collateral for local businesses.

Georgia Tech ISyE Communications - Graphic Designer

May '15 - Jan '16 | Atlanta, GA

Developed graphics using Adobe Creative Suite for magazines, e-marketing, and the school website. Designed layouts for the annual alumni magazine and managed monthly newsletters by working closely with the faculty to promote upcoming events.
